

The first day, we went to discover the school of Sicilian pupils, their school is different of our but it is cool. We played a match against the pupils of other pupils of different nationality. I had fun a lot and I found out I'm terrible at basketball and the Sicilian are very good.

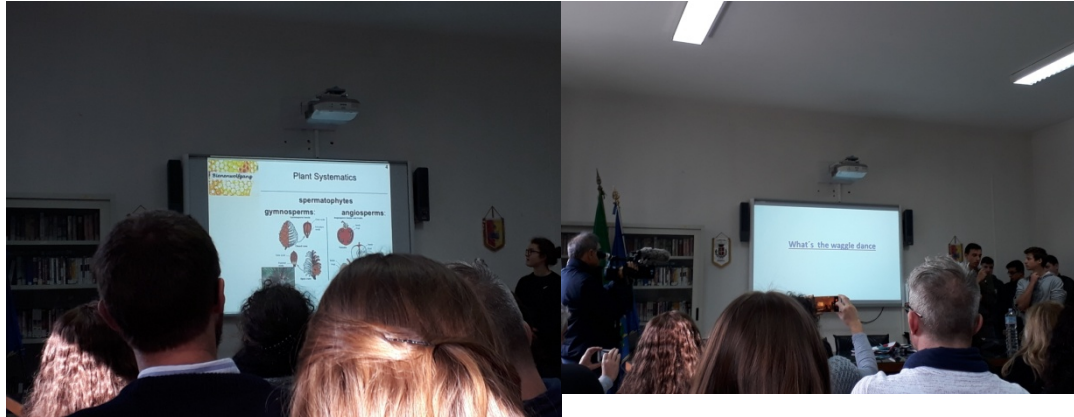

Then we were able to visit mountains, but it rained a lot, that's why we ate together. When we had finished, we took a photo in other room. I don't like photo that's why I wanted to go back but my friends made me to sit in the front .Next as it rained, we returned to the school and went to our host family.

The second day, we did a meeting of the biology of the bees; each different countries presented a part of the composition of the bees. I learnt many things but it was very hard to understand everything they said. I learnt the bees do a dance to show where the food to other bees is, it's the "waggle dance".

won Spanish said: “French are the best because it’s them who have the best respect of the rules” I was glad when they said that.

In the afternoon, we visited a Greek theatre. In the theatre there was an arena, swimming pool, it isn't exact because It was hard to understand.

Then we played a game made by Spanish students, during the play, we were filmed by a TV channel. It was cool although Croatian

Wednesday, the morning we went to see beehives and went up on a mountain, we had a beautiful view.

Next, we visited a little museum with a copy of an old elephant and old stones

After that, we went in other museum with old utensils used by the people in the middle ages. It was very stranger to see these utensils and

realise that we evolved a lot.

Then, we went in a shop of a beekeeper, this one told us, in Sicily there is a type of honey which exists only in Sicily because it exists a special flower which grows only in this country. We tasted two honeys but I didn't like the second one.

We had lunch on nursery school and we had a concert before eating. It's was very nice from them.

Next, we went to see beautiful view and finally, we took the bus to return our our hosts families.

At 8 o'clock p.m. we went to a party organised by the school, where we danced together, we did the "Macarena" and each country showed a dance and song of their country, I had a lot of fun, I think the others too.

## THE LAST DAY

We went to visit a little castle with a lot of works of art. We saw a fabulous cathedral.

Then, we went to eat in a restaurant where there was a big plantation of lemon, orange, flowers... and beehives. The landscape was very beautiful but we walked a lot and I didn't like this.

The afternoon, we visited a beautiful village with beautiful beaches. First, we saw old washing place, and we went to a beach, it was good although there was only French who are listened the guide and followed her.

Tomorrow, we left at 6 o'clock a.m.  
For return to marvejols
