

SPAIN

We left, six of us Ryan, Clemence, Laurine, Leo and me, the week of 10 to 15 March 2019 to Valencia for the Erasmus project.

PROGRAM:

DAY 1: Sunday 10 March:

We woke up at 5:00 am for a departure at 6:00 am from middle school. We took the bus to Beziers and then took the Beziers-Barcelona train. Arrived in Barcelona we ate and took the train to Valencia. We took other nationality with us and after we arrived at Llombai in high school to meet the families and eat all together.

DAY 2: Monday 11 March:

We went to high school at 9:00 am and in the morning we visited the school. They have a clean VERY clean school, unlike us ... Then we had the teachers presentations and explanations of the week their head-master is really nice, then we did the activity "IceBreakers" in order to learn to get to know each other, I didn't like that in the sense that we did not get to know each other thanks to that and it was not very interesting. In the afternoon we visited the honey museum of Montroi, It was boring and too long to say things that we already know. At 14:00 Paella! Then we did each of the work around the bees.

DAY 3: Tuesday 12 March:

In the morning again in high school at 9:00. After we went to the caves of the spider. With a hike in the natural park of Mueal de Cortes. And the museum around caves and the relationship with beekeeping. The only thing I liked in this day is the nice hike, but all this time walking and driving to see a tiny drawing, it's a shame.

DAY 4 : Wednesday 13 March:

At 9:00 we watched our movie "Beecome", this movie was made with all other countries. This film is fine, but the German film is too long and they have not worked enough, otherwise all countries are

involved and it was interesting. Then they played the anthem, it was great. Then we went to Valencia for a second screening of the film in front of the local authorities. Twice, this has been particularly long, extremely long, with the speech and explanations of the local authorities. It was my favorite day because in the afternoon we went to see "mascleta", a huge firecracker show related to "Las Fallas". It was a great experience and really impressive to be done again. And after we visited the city, the small streets, really nice and beautiful.

DAY 5: Thursday 14 March :

We visited ANAE (beekeeper cooperative), with a tasting of honey. The cooperative is really huge, the tasting of honey was very good and we could buy cosmetics, food ... It was great. And in the afternoon we stayed in families, we went to the city with friends and we ate with all the families together it was great.

DAY 6: Friday 15 March:

We went back to France at 7:00. We took the train Valencia-Barcelona then Barcelona-Béziers and finally the bus to go home at 5 pm.

TO CONCLUDE:

It was sad to leave the families but I am glad to have the opportunity to see them again in May. The Spanish are very kind and very welcoming. Only negative point: long and boring program for me. After every evening we were together with our correspondents in the city to watch movies, or eat ... It was a great trip. THANK YOU
